General Instructions

P.S.: Instructions below are applicable to all the assignments you will be submitting throughout the semester. Non-compliance with these instructions may result in penalties in various forms, including assignments not being graded for incorrect submissions.

- Submission has to be done using GitHub Classroom. For Each Assignment, the invitation link will be shared. This will create a private repository under your GitHub account with an assignment template.
- **Don't create additional branches in the repository**. Otherwise, your submissions may not be visible to TAs for evaluation. If that happens, assignments will not be evaluated.
- **Make sure that you select your correct roll number** if prompted anywhere after accepting the invitation via the invitation link. If you have already followed this step in assignment 0, it may not prompt you to select the roll number.
- Use this **link** to join the git classroom and make a submission.
- If you have not submitted assignment 0 and your roll number is not in the list, please reach out to the TAs @ da5401-ta-2025-group@smail.iitm.ac.in.
- **All assignment-related queries must be directed to the email address mentioned above.** Queries sent to the personal email addresses of TAs will not be responded to.
- **Every assignment submission must have a README.md**. This should contain the student's name, roll number, and documentation (One example of helpful documentation could be a clear description of your folder structure, indicating which files are essential for evaluation. However, this is just one example — you are not limited to this alone. Be creative and thoughtful in how you present your submission. Your goal is to ensure that the TAs can understand your work without any ambiguity or confusion.) **Absence of README.md** will incur a **10% penalty**.
- **A penalty of 15% per day** will be applied for **late submissions. Submissions made more than 2 days after the deadline will not be evaluated**.
- Assignment results will be announced within 10 days of the submission deadline. Students will be notified about a crib session where they can come for rebuttal. **No further requests for rebuttal will be entertained via email if you miss this sesssion**

Ping us (TAs) if you run into any trouble @ da5401-ta-2025-group@smail.iitm.ac.in
